Arquila A. Todd

The Brain Washing of Black America: How God Helped Me Overcome Overview by Arquila A.Todd I wondered what to do when someone called me nigger or did bad things to me and I hadn't done anything to them. To God I committed my cause. I sought His face for answers. Scripture taught me: That with God's direction the horror situations in my life could turn in to the greatest story. Scripture taught me how to not be distracted by the darkness of evil spirits but to focus on God's light for my continued growth. How the fight was not against flesh and blood but the fight was against spirits and principalities that come to destroy me. Even though this darkness covers the earth and its people. The Lord will rise upon you and His glory will appear over you to keep you on perfect peace.
